

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2019
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Infant b) Immunization c) Infection d) Sporadic
- II. Fill in the Blanks:** **1x4=4**
a) Every year World Health Day is celebrated on _____
b) Hospital acquired infection is _____
c) The first referral unit is _____
d) Under five clinic is also known as _____
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Promotion and maintenance of Health
b) Family Health Records c) Principles of Community Health Nursing
d) Control of infectious disease
e) Levels of Health Care f) Bag Technique
- IV. Answer the Following:** **2+5=7**
a) Define Epidemiology
b) Explain the aims importance of Epidemiology
- V. Answer the Following:** **2+5=7**
a) Define Minor Ailments
b) Explain the Principles of Managing minor ailments

SECTION-II

- VI. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Vitamin B1 Deficiency causes Night Blindness.
b) Amino Acids are building blocks of protein
c) The waste which contains human excrete is sewage
d) Group Discussion is an example for Didactic Method
- VII. Fill in the Blanks:** **1x 3=3**
a) The natural Source of Vitamin D is _____
b) Dengue fever is caused by the bite of _____
c) Goitre is caused by the Deficiency of _____
- VIII. Write short notes on any FOUR of the following:** **4x4=16**
a) Prevention of Malnutrition b) Poached egg
c) Difference between Health Education and Counselling
d) Methods of Health Education e) Ventilation
- IX. Answer the Following:** **1+2+4=7**
a) What is Safe and Wholesome Water
b) Write the Sources of Water
c) Discuss household methods of Water Purification
- X. Answer the Following:** **1+2+4=7**
a) Define Counselling
b) Write the principles of Counselling
c) Explain Counselling Process

KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION AUGUST -2018
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Home visit b) Morbidity rate c) Incubation period d) Community Health
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Anthropometry is the measurement of _____
b) Community Health Nursing process includes _____ steps
c) Plasmodium parasite is the causative agent for _____
d) Main source of Vitamin -D is _____
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Types and advantages of Counselling b) Purposes and principles of home visit
c) Standing order in case of diarrhoea d) Determinants of health
e) Purpose and uses of Records f) Methods of cooking and preservation
- IV. Answer the Following:** **2+4=6**
a) What is Disease cycle
b) Explain the levels of Prevention of disease
- V. Answer the Following:** **2+6=8**
a) What is Community Health Nursing
b) Explain the qualities and function of Community Health Nurse

SECTION-II

- VI. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Study of arthropods is known as gerontology
b) Feedback is one of the key concept in effective communication
c) Hyponatremia is due to excess consumption of salt
d) Vitamin-C is also called as Cynocobalamine
- VII. Choose the correct answer from the following:** **1x 3=3**
a) Oxidation pond is a method used for
 i. Solid waste disposal ii. Sewage treatment iii. Water purification iv. Dumping
b) Chalk and talk is an example of
 i. Lecture method ii. Symposium iii. Pannel discussion iv. Seminar
c) Cheap and best chemical disinfectant used in water purification is
 i. Bleaching powder ii. Sodium chloride iii. Sodium hypochlorite iv. Sodium Bicarbonate
- VIII. Write short notes on any FOUR of the following:** **4x4=16**
a) Characteristics of good housing b) Barriers of communication
c) Nurses role in Health Education d) List the Nutritional problems and programmes in India
e) Water pollution and control measures f) Control measures of mosquitoes
- IX. Answer the Following:** **2+5=7**
a) What is Audio Visual Aids (A-V Aids)
b) Explain purposes and uses of Audio Visual Aids (A-V Aids)
- X. Answer the Following:** **2+5=7**
a) Define Immunity
b) Explain in detail the National Immunization Schedule

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2018
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Health b) Antenatal woman c) Expand ASHA d) Joint Family
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Nursing process helps to identify the actual and potential health problems.
b) BCG and polio are example of killed vaccine
c) Epidemiological triad means interaction between man, agent and environment
d) Tubectomy is the permanent method of family planning in females
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Indicators of health
b) Referral system
c) Levels of prevention of diseases
d) Types and Uses of records
e) Balanced diet
f) Housing standards
- IV. Answer the Following:** **2+5=7**
a) Define communicable diseases
b) Explain the modes of transmission of communicable diseases
- V. Answer the Following:** **2+5=7**
a) Define community health nursing
b) Explain objectives and principles of community health nursing

SECTION-II

- VI. Fill in the Blanks:** **1x 4=4**
a) radio talk is an example of _____ communication
b) Deficiency of _____ in diet leads to Goitre
c) Disposal of waste by burning is called as _____
d) Exchange of air between indoor and outdoor is called as _____
- VII. State whether the following statements are TRUE or FALSE** **1x3=3**
a) The waste water which does not contain human excreta is called sullage.
b) Anthropometric measurements are not valuable indicators of nutritional status
c) 31st may is celebrated as World “No Tobacco day”
- VIII. Write short notes on any FOUR of the following:** **4x4=16**
a) Communication process
b) Purification of water at domestic level
c) Objectives of Health Education
d) Methods of cooking
e) Advantages of home visiting
- IX. Answer the Following:** **1+3+3=7**
a) Define Health Education
b) List the methods of Health Education
c) Explain the role of Nurse in Health Education
- X. Answer the Following:** **1+3+3=7**
a) Define Vitamins
b) Classification of Vitamins
c) Explain the sources and function of Vitamins to maintain health

KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION AUGUST -2017
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Epidemiology b) Family Folder c) Mortality d) Carrier
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Health is a Multi-Dimensional Phenomenon
b) Each sub centre covers the population of 8000
c) The permanent Family planning method for males is Vasectomy
d) Collection of Data about Birth, Death, Marriage is called as Vital statistics
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Purposes of Home visiting
b) Objective and principles of Community Health Nursing
c) Levels of Health care
d) Standing order in treating fever
e) Epidemiological Triad
- IV. Answer the Following:** **2+5=7**
a) Define Family
b) Explain the role of Nurse in Family Welfare services
- V. Answer the Following:** **2+5=7**
a) Define Health
b) Explain briefly the determinants of Health

SECTION-II

- VII. Choose the correct answer from the following:** **1x 4=4**
a) Facial expression is a _____ types of Communication
b) Well are best disinfected by _____
c) The requirement of water per day per person is _____
d) Loudness of noise is measured in _____
- VI. State whether the following statements are TRUE or FALSE** **1x3=3**
a) Vitamin K is used as anti-coagulant
b) Television is an example for audio-visual aid
c) Waste water which does not contain human excreta is known as sewage
- VIII. Write short notes on any FOUR of the following:** **4x4=16**
a) Qualities of good Counsellor b) Deficiency of vitamin C
c) Effects of air pollution and control d) Audio Visual Aids
e) Principles of Health Education
- IX. Answer the Following:** **1+2+4=7**
a) What are Vitamins
b) List the types of vitamins
c) Explain the sources and function of vitamin A
- X. Answer the Following:** **2+5=7**
a) Define Communication
b) Explain the barriers of Communication

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2017
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Record b) Eligible Couple c) Home Visiting d) Community Nursing Process
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Ear ache, Otitis media temporary deafness etc minor ailments.
b) Putting the plan into action is called implementation
c) Record cannot protect the Nurses in case of legal issues
d) World health day is celebrated on April 12th
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Explain any four temporary family planning methods
b) Health assessment of school going child
c) Define referral system and describe its importance
d) Home management of Diarrhoea
e) Beg Technique
- IV. Answer the Following:** **2+5=7**
a) Define Cold Chain
b) Write National Immunization schedule
- V. Answer the Following:** **1+3+3=7**
a) Define Health
b) List the dimensions of Health
c) Explain the levels of Disease Prevention
or
a) Define Primary Health care
b) List the principles of Primary Health Care
c) Explain the role of nurse in Primary Health Care

SECTION-II

- VI. Fill in the Blanks:** **1x 4=4**
a) _____ are the building blocks of proteins
b) The principal source of vitamin is _____
c) _____ micro-organism causes Tuberculosis
d) Deficiency of Iron causes _____
- VII. State whether the following statements are TRUE or FALSE** **1x3=3**
a) Dhal that is responsible for Lathyrism is Kesari Dhal.
b) The waste water which contains human excreta is called as Sullage
c) Light is measured in terms of Foot candles
- VIII. Write short notes on any FOUR of the following:** **4x4=16**
a) Mosquito control measures b) Qualities of a Counsellor
c) Disinfection of Well d) Methods of cooking
e) Principles of Health Education
- IX. Answer the Following:** **1+3+3=7**
a) Define Nutrition
b) Classification of Vitamins
c) Explain the sources function and deficiencies of Vitamin-A
- X. Answer the Following:** **1+6=7**
a) Define Communication
b) List the types and barriers of communication

KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION AUGUST -2016
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Community b) Morbidity c) Health d) Postnatal Care
- II. Choose the correct answer from the following:** **1x4=4**
a) Best method for spacing is
 i. Condom ii. Pessary iii. IUCD iv. Tubectomy
b) World health day is celebrated every year on
 i. April 7th ii. June 10th iii. July 7th iv. November 14th
c) Which of the following is not a minor ailment
 i. Injuries ii. Chest Pain in a heart patient iii. Diarrheal iv. Heat stroke and fainting
d) Which of the following is the method used in physical examination
 i. Palpation ii. Auscultation iii. Percussion iv. All of the above
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Under five clinic b) Characteristics of a healthy individual
c) Standing orders in case of fever and diarrhoea
d) Types of records e) National immunization schedule
- IV. Answer the Following:** **1+3+3=7**
a) Define community Health Nurse
b) Explain the goals and objectives of community health nurse
c) Write about the principles of community health nursing
- V. Answer the Following:** **1+6=7**
a) Define Minor Aliments
b) Explain the principles of managing minor ailments
 or
a) Define Epidemiology
b) Explain the aims and importance of epidemiology
- SECTION-II**
- VII. Fill in the Blanks:** **1x 4=4**
a) Deafness is caused by _____ pollution
b) Typhoid is a _____ born disease
c) Goiter is caused by deficiency of _____
d) The ideal number of member for group discussion is _____
- VI. State whether the following statements are TRUE or FALSE** **1x3=3**
a) Dengue fever is due to the bite of aedes aegypti mosquito
b) Thiamine is otherwise known as Vitamin B1
c) Street play comes in the category of auditory aids
- VIII. Write short notes on any THREE of the following:** **5x3=15**
a) Characteristics of good housing b) Explain the role nurse in counselling
c) Explain the principles of health education d) Disinfection of well
- IX. Answer the Following:** **1+3+4=8**
a) Define Nutrition
b) Write the classification of Food
c) Explain about vitamin-A
- X. Answer the Following:** **1+6=7**
a) What is refuse disposal
b) Explain briefly the different methods of refuse disposal

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2016
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Epidemiology b) Demography c) Health d) Antenatal Care
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Malaria is an example for vector -borne disease.
b) A packet of oral contraceptive pills contains 28 pills out of which 21 are contraceptives and 7 are calcium tablets.
c) Diabetes is a communicable disease
d) DPT is a triple antigen given against diphtheria pertussis and tetanus
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Elements of primary health care
b) Responsibilities of nurse in referral system
c) Permanent method of family planning
d) Uses of records and reports
e) Importance of community health nursing
- IV. Answer the Following:** **1+3+3=7**
a) Define Home Visiting
b) Enumerate the Principles of Home Visiting
c) Explain the steps of Home Visiting
- V. Answer the Following:** **1+6=7**
a) Define MCH Care
b) Explain the role nurse in Mother and child Health services
- SECTION-II**
- VI. Fill in the Blanks:** **1x 4=4**
a) Rickets is the deficiency disease of _____
b) The essential tool of communication is _____
c) Deficiency of Iron leads to _____
d) The water testing apparatus is _____
- VII. State whether the following statements are TRUE or FALSE** **1x3=3**
a) Facial expression is a verbal communication.
b) Phosphorus is essential for the formation of bones and teeth
c) Community noise level is usually measured in terms of Decibels
- VIII. Write short notes on any FOUR of the following:** **4x4=16**
a) Air pollution b) Methods of cooking
c) Barriers of communication d) Protein Energy Malnutrition
e) Disposal of solid water
- IX. Answer the Following:** **1+3+3=7**
a) Define Health Education
b) List the principles of Health Education
c) Discuss the areas of Health Education in the community
- X. Answer the Following:** **1+6=7**
a) Define Audio Visual aids
b) Explain the different types of an Audio Visual aids

KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION AUGUST -2015
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Mortality b) Contraceptives c) Disinfection d) Immunity
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) World Health Day is celebrated on April 7th
b) Home visiting is the back bone of all MCH services
c) A Nation-wide Family planning programme was launched officially in 1997
d) Calcium is essential for the formation of Muscles
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Home Delivery
b) Objective and principles of Community Health Nursing
c) Difference between Institutional Nursing care and Community Nursing Care
d) Objectives of under-Five clinic e) Community Health Team
- IV. Answer the Following:** **2+5=7**
a) Define Primary Health Care
b) Discuss the role of Nurse in primary Health Care
- V. Answer the Following:** **2+5=7**
a) Define Epidemiology
b) Explain the aims Importance of Epidemiology

SECTION-II

- VI. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Report is a method of communication
b) Proteins are made up of simpler substance called amino acids
c) Milk is a best source of Iron
d) Soya bean is the poor source of protein among pluses
- VII. Fill in the Blanks:** **1x3=3**
a) Television is a _____ communication
b) The Causative organism of cholera is _____
c) Iodine deficiency causes _____
- VIII. Write short notes on any THREE of the following:** **5x3=15**
a) Audio Visual Aids b) Disinfection of wells
c) Mosquito control measures d) Nutrition for pregnant mother
e) Health Education in Community
- IX. Answer the Following:** **1+4+3=8**
a) What is safe and wholesome water
b) Explain the uses of the water
c) List out the water born disease
- X. Answer the Following:** **1+3+3=7**
a) What is record
b) List the records used in community settings
d) Explain the essential requirements of record maintenance

1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Endemic b) Neonatal period c) Condom d) Immunization
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Quarantine is the period of isolation of an infectious person to prevent
b) The physician induced infection is known as iatrogenic infection
c) Round worm is otherwise known as Anchylostoma duodenale
d) Tubectomy is the permanent method of family planning for males
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Qualities and function of community health
b) Immunization schedule c) Functions of primary health centre
d) Modes of disease transmission e) Purpose of home visit
- IV. Answer the Following:** **2+5=7**
a) List the different types of records maintained by community health nurse
b) Explain the uses of records
- V. Answer the Following:** **1+2+4=7**
a) Define under five clinic
b) List the aims and objectives of under five clinic
c) Explain the role of a nurse in under five clinic

SECTION-II

- VI. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Night blindness is caused by vitamin B deficiency
b) Gestures facial expressions are non verbal communications
c) Scurvy is a disease caused by the deficiency of vitamin D
d) The primary source of all water is rain
- VII. Choose the correct answer and write:** **1x3=3**
a) Dengue fever is caused by the bite of
 i. Culex mosquito ii. Anopheles mosquito iii. Aedes aegypti mosquito
b) Deficiency of iron in the food causes
 i. Blindness ii. Anemia iii. diarrhoea
c) Scabies can be prevented by
 i. Isolation and anti scabies treatment ii. Personal hygiene iii. Both i and ii
- VIII. Write short notes on any THREE of the following:** **5x3=15**
a) Prevention and control of air pollution b) Disinfection of wells
c) Principles of Cooking d) Prevention of malnutrition
- IX. Answer the Following:** **2+6=8**
a) Define health education
b) Write the aims and objective of health education
- X. Answer the Following:** **1+3+3=7**
a) Define vitamins
b) Write the classification of vitamins
d) Explain the source, functions and deficiency diseases of vitamin A

KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION AUGUST -2014
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x5=5**
a) Eligible couple b) Endemic c) Immunization d) Fomites e) Epidemiology
- II. State whether the following statements are TRUE or FALSE** **1x3=3**
a) Live vaccines are prepared from dead organisms
b) Oral Contraceptives are used as temporary method of family planning
c) Disease is the maladjustment of human being of the environment
- III. Write short notes on any THREE of the following:** **4x3=12**
a) Levels of Health care b) Mid-Day meal programme
c) Objectives of under five clinic d) Bag technique
e) Principles of Records Keeping
- IV. Answer the Following:** **2+7=9**
a) Define Maternal and child Health services
b) Explain the responsibilities of a nurse in implementing M C H services
- V. Answer the Following:** **1+3+5=9**
a) Define Community Health Nursing
b) Explain the scope of Community Health Nursing
c) Define the role of a nurse in Community Health Nursing services
- SECTION-II**
- VI. Fill in the Blanks:** **1x3=3**
a) Deficiency of Thiamine causes _____
b) Wells are disinfected by _____
c) The process of sharing ideas and opinions between individuals is called _____
- VII. Choose the correct answer and write:** **1x3=3**
a) The main source of surface water
 i. Deep well ii. River iii. Spring
b) The dependency disease of vitamin 'A' is
 i. Night blindness ii. Gum bleeding iii. Sterility
c) Radio Talk is an example of
 i. One -way communication ii. Two-way communication iii. Non-verb communication
- VIII. Write short notes on any TWO of the following:** **5x2=10**
a) Weaning
b) Role of Community Health Nurse in Health Education process
c) Importance of Environments health
- IX. Answer the Following:** **2+6+=8**
a) Define Ventilation
b) List the types and standards of ventilation
- X. Answer the Following:** **1+2+6=9**
a) Define Nutrients
b) List the types of Nutrients
c) Explain the daily requirement and deficiency disease of protein
- XI. Answer the Following:** **1+3=4**
a) What is Audio Visual AIDS
b) List the types of Audio Visual AIDS

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2014
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Community health b) Epidemic c) Cold chain d) Incubation period
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Collection of data about births, deaths marriages etc, is called vital statistics
b) The recording system is not essential during home visit.
c) Antigen is a substance that stimulates the formation of an antibody
d) The word hygiene is derived from Greek language
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Community health team and its functions
b) Cumulative records
c) Principles of home visiting
d) Principles of primary health care
e) Indian strategy for health for all
- IV. Answer the Following:** **1+5=6**
a) Define epidemiology
b) Explain the uses of epidemiology
- V. Answer the Following:** **1+5=6**
a) Define community health nursing process
b) Explain the importance and steps in community health nursing process

SECTION-II

- VI. Give the meaning of the following:** **1x4=4**
a) Sanitary well b) Health education c) Balanced diet d) Food sanitation
- VII. State whether the following statements are TRUE or FALSE** **1x3=3**
a) Compositing is method of combined disposal of refuse and night soil.
b) Chlorine acts as germicide in water purification
c) The prime sources of water are river
- VIII. Write short notes on any FOUR of the following:** **3x4=12**
a) Write borne disease and its prevention
b) Food adulteration
c) Serving of food and feeding of helpless patient
d) Collection and disposal of waste
e) Barriers of communication and establishment of successful communication
- IX. Answer the Following:** **6x1=6**
a) Explain the house hold method of purification of water
- X. Answer the Following:** **1+6=7**
a) List the source of air pollution
b) Explain the prevention and control of air pollution
- XI. Answer the Following:** **1+6=7**
a) List the classification of food
b) Write the principles of cooking and methods of cooking

GNM ANNUAL EXAMINATION SEPTEMBER -2013
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x5=5**
a) Home Visiting b) Quarantine c) Cumulative Records
d) Intrauterine contraceptive Devices e) Disinfection
- II. Fill in the Blanks:** **1x3=3**
a) The Scientific study of human population is _____
b) A disease that is transmitted through contact is _____ disease
c) Under five clinic is also called as _____ clinic
- III. Write short notes on any THREE of the following:** **4x3=12**
a) Uses of Records and Reports b) Characteristics of Healthy individual
c) Levels of prevention of Disease d) Standing orders in case of diarrhoea
e) Uses of Epidemiology
- IV. Answer the Following:** **2+6=8**
a) Define Health
b) Explain Briefly the determinants of Health
- V. Answer the Following:** **2+8=10**
a) Define family Health Service
b) Write the objective and principles of Community Health Nursing Services

SECTION-II

- VI. State whether the following statements are TRUE or FALSE** **1x4=4**
a) Waste water which does not contain Human Excreta is "Sullage"
b) Role play is an example of mass approach in Health Communication
c) Vitamin B₆ is also called as Pyridoxine
d) Megaloblastic Anaemia is caused due to deficiency of vitamin B₆
- VII. Choose the correct answer and write:** **1x3=3**
a) Community Noise level is usually measured in terms of
 i. Foot candle ii. Decibels iii. Frequency
b) The Basic physiological requirement of drinking water per head per day
 i. 2 liters ii. 3 liters iii. 5 liters
c) Iodine deficiency causes
 i. Goiter ii. Rickets iii. Beri Beri
- VIII. Write short notes on any TWO of the following:** **5x2=10**
a) Housing Standards b) Types of communication
c) Vitamin 'C' sources, daily requirements, deficiency diseases
d) Air pollution and its control
- IX. Answer the Following:** **4+6=10**
a) What is Community Nutrition
b) Write the Nutritional needs for pregnant woman
- X. Answer the Following:** **2+2+6=10**
a) What is Environmental Hygiene
b) Write the importance of Environmental Hygiene
c) Explain the causes for water pollution and list the water borne diseases

KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION JUNE-2013
1st year paper – IV Community Health Nursing - I

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Community Health Nursing b) Pandemic c) Antenatal care d) Family folder
- II. Fill in the Blanks:** **1x4=4**
a) The route of administrator of BCG vaccine is, _____
b) A PHC caters to a population of _____
c) The international Nurses Day is celebrated on _____
d) The infection originating in a patient while in a hospital called _____
- III. Write short notes on any THREE of the following:** **4x4=16**
a) Level of health care b) Uses of records and reports
c) Standing order in treating fever cases d) Community Health Team
- IV. Answer the Following:** **1+6=7**
a) What is infection
b) Write the role of community health nurse in control of infectious disease
- V. Answer the Following:** **1+6=7**
a) Define home visiting
b) Write the advantages or merits of home visiting
c) Explain the technique in Home visiting

SECTION-II

- VI. State the following statements are TRUE or FALSE:** **1x4=4**
a) Vitamin A deficiency leads to pernicious Anemia
b) Roughage in diet helps in preventing constipation
c) Kopliks spot is a feature of vitamin
d) Television is an example of an audio visual aid
- VII. Choose the correct answer and write:** **1x3=3**
a) Cholera is transmitted through the arthropod
 i. Housefly ii. Cockroach iii. Ticks
b) The horrocks apparatus is designed to find the
 i. Bleaching powder needed to disinfect water ii. Water content iii. Wind direction
c) The Generic name for Tocopherol is
 i. Vit E ii. Vit B iii. Vit K
- VIII. Write short notes of the following:** **4x4=16**
a) House hold method of preservation and storage of food
b) Factors promoting effective observation and listening
c) Purification of water at domestic
- IX. Answer the Following:** **1+6=7**
a) Explain the different methods of health Education
- X. Answer the Following:** **1+6=7**
a) Write the meaning of refuse disposal
b) Explain briefly the different methods of refuse disposal
- XI. Answer the Following:** **1+6=7**
a) Write the classification of Nutrients
b) Explain about fat soluble vitamin
