

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION SEPTEMBER-2019

2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours**Max.Marks:75****Give the meaning of the following:****1x4=4**

1. Photophobia
2. Radiotherapy
3. Scabies
4. Lordosis

Fill in the Blanks:**1x4=4**

5. Inflammation of cornea is called _____
6. Inflammation of tympanic membrane is called as _____
7. _____ is caused by the bite of dog
8. Chewing of _____ is one of the associated factors for oral cancer

Write short notes on any FOUR of the following:**5x4=20**

9. Side effects of chemotherapy
10. Refractive errors
11. Nursing management of patient with psoriasis
12. Nursing management of patient having plaster cast
13. Prevention and management of chicken pox

Answer the Following:**1+2+4=7**

14. Define Amputation
15. List the indication for amputation
16. Explain the pre- and post-operative care of patient with below knee amputation

Answer the Following:**1+5=6**

17. What is mastitis
18. Explain pre- and post-operative care of patient under gone mastectomy

State whether the following statements are TRUE or FALSE**1x4=4**

19. The middle layer of heart is called myocardium
20. Hurricanes is a manmade disaster
21. Difficulty in swallowing is called dysphonia
22. Angiography is a diagnostic radiographic measure for heart and blood vessels

Write short notes on any THREE of the following:**5x3=15**

23. Mastoiditis
24. Angina pectoris
25. Nursing management of patient with hypovolemic shock
26. Management of adverse reaction of blood transfusion

Answer the Following:**4+4=8**

27. Define AIDS and write the mode of transmission and clinical manifestations of AIDS
28. Explain the preventive measures and management of AIDS

Answer the Following:**5+5=10**

29. Define coronary atherosclerosis and list the clinical manifestation and diagnostic evaluation of coronary atherosclerosis.
30. Explain the medical and nursing management of coronary atherosclerosis

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY 2019
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Gynecomastia b) Sarcoma c) Kyphosis d) Chemotherapy
- II. Fill in the blanks:** **1x4=4**
a) _____ is the surgical excision of the breast.
b) short sight can be corrected by _____ lens.
c) External radiation therapy also known as _____
d) Loss of hair from any causes referred as _____
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Osteoporosis and its prevention b) Gonorrhea
c) Contact dermatitis d) Management of patient with fracture
e) Nursing management of Anaemia
- IV. Answer the Following:** **1+2+4=7**
a) Define Leukemia
b) List out the types of the Leukemia
c) Explain the management of patient with Leukemia
- V. Answer the Following:** **1+2+4=7**
a) Define Cataract
b) Enlist clinical feature of the Cataract
c) Explain the surgical & nursing management of patient with cataract

SECTION-II

- VI. State the following statements are TRUE or FALSE:** **1x3=3**
a) Ringing in the ear is called tinnitus
b) Hardening and thickening of the arteries is called atherosclerosis
c) Chicken pox is caused by paramyxovirus
- VII. Choose the correct answer and write:** **1x4=4**
a) Decrease potassium level in the blood
 i. Hyponatremia ii. Hypokalemia iii. Hypocalcaemia
b) Instrument used to examine the internal structure of the ear
 i. Tonometry ii. Otoscope iii. Ophthalmoscope
c) Swine flu is caused by
 i. Influenza virus ii. Arbo virus iii. Retro virus
d) Peritonsillar abscess is also known as
 i. Epistaxis ii. Quinsy iii. Leukoplakia
- VIII. Write short notes any FOUR of the following:** **4x4=16**
a) Management & prevention of the cholera d) Cardio pulmonary resuscitation
b) Nursing management of patients with tonsillitis e) Nursing management of patient with burns
c) Medical & nursing management of patient with hypertension
- IX. Answer the Following:** **1+2+4=7**
a) Define Myocardial infarction
b) List out the Signs & symptoms of the myocardial infarction
c) Explain the management of patient with Myocardial infarction
- X. Answer the Following:** **2+5=7**
a) List out natural calamities
b) write the nurses role in case of earth quake
 or
a) Define Otitis media **1+2+4=7**
b) List out the clinical feature of the Otitis media
c) Explain the medical & nursing management of patient with Otitis media

2nd year paper –II MEDICAL SURGICAL NURSING - II

Max.Marks:75

I. Give the meaning of the following:

a) Palliation b) Otagia c) Parasthesia d) Pott's spine

1x4=4

- III. Write short notes on any **FOUR** of the following:

4x4=16

- #### IV. Answer the Following:

$$1+2+4=7$$

- ## V. Answer the Following:

$$1+2+4=7$$

- ## SECTION-II

VI. State the following statements are TRUE or FALSE

$$1 \times 3 = 3$$

- VII. Choose the correct answer and write:**

$$1 \times 4 = 4$$

- VIII. Write short notes any FOUR of the following:**

4x4=16

- IX. Answer the Following:**

$$1+2+4=7$$

- X. Answer the Following:**

$$1+2+4=7$$

- or**

- Define Congestive heart failure
- List the causes and clinical manifestation of Congestive heart failure
- Explain the medical and nursing management of patient with Congestive heart failure

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2018
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Erythema b) Oncology c) Haemophilia d) Sprain
- II. Fill in the Blanks:** **1x4=4**
a) Commonest causes of Blindness is _____
b) Inflammation of the breast is called _____
c) Drainage from the Ear is called _____
d) Presence of albumin in the Urine is _____
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Prevention of Dengue Fever b) Rule of Nine
c) Nursing management of Patient with Cellulitis
d) Mastoiditis e) Osteomalacia
- IV. Answer the Following:** **1+2+4=7**
a) Define Glaucoma
b) List the types of Glaucoma
c) Describe Surgical and Nursing Management of a Patient with Glaucoma
- V. Answer the Following:** **1+2+4=7**
a) Define Fracture
b) List down the types of Fracture
c) Explain the Medical and Nursing Management of a patient with Fracture

SECTION-II

- VI. State the following statements are TRUE or FALSE** **1x3=3**
a) Snellen's chart is used test vision
b) Inflammation of the Myocardium is called Mastitis
c) Diphtheria is caused by E.Coli
- VII. Choose the correct answer and write:** **1x4=4**
a) Patch test is done determine specific
 i. Antigen ii. Allergen iii. Pathogen
b) The bone forming cells are
 i. Osteoblasts ii. Osteoclasts iii. Osteocytes
c) Choice of drugs in management of angina is
 i. Nitroglycerine ii. Adrenaline iii. Atropine
d) Tetanus patient should be kept in
 i. Quite dark room ii. Normal Hospital Ward iii. I.C.U
- VIII. Write short notes any FOUR of the following:** **4x4=16**
a) Nursing Management of sexually transmitted disease
b) Haemodialysis c) Anaemia
d) Prevention and Management of Tuberculosis e) Pain Management
- IX. Answer the Following:** **1+2+4=7**
a) Define Disaster
b) List the types of Disaster
c) Describe Nurses responsibilities in Disaster Management
- X. Answer the Following:** **1+2+4=7**
a) Define Angina Pectoris
b) List the types of Angina Pectoris
c) Explain the Nursing Management of patient with Angina Pectoris
 or
a) Define Deviated Nasal Septum
b) List the clinical manifestations of Deviated Nasal Septum
c) Explain the Medical and Nursing Management of patient with Deviated Nasal Septum

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD

GNM ANNUAL EXAMINATION AUGUST-2017

2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Hypospadias b) Aneurysm c) Cellulitis d) Atrophy
- II. Fill in the Blanks:** **1x4=4**
a) Lateral curvature of the spine is called _____
b) Herpes zoster is the viral infection caused by _____
c) Male sterilization is called as _____
d) Bleeding from the Nose is called as _____
- III. Write short notes on any FOUR of the following:** **3x4=12**
a) Psoriasis b) Warning signs of Cancer
c) Nursing Management of patient having immobilization cast
d) Pulmonary Tuberculosis e) Breast self examination
- IV. Answer the Following:** **1+3+6=10**
a) Define Burn Injury
b) Write the causes and classification of Burns
c) Explain the fluid replacement and Nursing Management in Burn Injury
- V. Answer the Following:** **1+3+4=8**
a) Define Cataract
b) List the causes & clinical manifestation of cataract
c) Explain the Nursing Management of a patient undergone Cataract surgery
or
a) Define Rheumatoid Arthritis
b) Write the causes and clinical manifestation of Rheumatoid Arthritis
c) Explain the Medical and Nursing Management of a patient with Rheumatoid Arthritis
- SECTION-II**
- VI. Write the difference between the following:** **2x2=4**
a) Infection and Incubation
b) Tonsillectomy and Thyroidectomy
- VII. State the following statements are TRUE or FALSE** **1x3=3**
a) Laryngitis causes Hoarseness and possibly a temporary loss of speech
b) Surgically repair of Nasal Septum is known as Rhinoplasty
c) Intraocular pressure is measured with an instrument called Tonometer
- VIII. Write short notes any FOUR of the following:** **3x4=12**
a) Defibrillation b) Polycythemia
c) Neurogenic bladder d) Osteomyelitis
e) Treatment and nursing management of patient with Hypovolemic shock
- IX. Answer the Following:** **1x3+6=10**
a) Define Myocardial Infarction
b) List the causes and clinical manifestations of Myocardial Infarction
c) Write down the medical and Nursing Management of patient with myocardial Infarction
- X. Answer the Following:** **1+3+4=8**
a) Define Disaster
b) List the types of Disaster
c) Write in detail about the phases of Disaster Management

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2017
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Cyanosis b) Circumcision c) Nocturia d) Metastasis
- II. Fill in the Blanks:** **1x4=4**
a) Presence of protein in the urine is _____
b) Whooping Cough is also called as _____
c) Causative organism of Syphilis is _____
d) Rabies is also called as _____
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Mode of transmission of HIV Infection b) Dengue Fever
c) Benign Prostatic Hypertrophy d) Oral cancer
- IV. Answer the Following:** **1+2+4=7**
a) Define Dermatitis
b) List the Clinical manifestation of Dermatitis
c) Explain medical and nursing management of patient with Dermatitis
- V. Answer the Following:** **1+2+4=7**
a) Define Acute Renal failure
b) List the Clinical Manifestation of Acute Renal failure
c) Describe the medical and nursing management of patient with Acute Renal failure

SECTION-II

- VI. State the following statements are TRUE or FALSE** **1x3=3**
a) Tinnitus is ringing and roaring sound inside the ear
b) Cardiomyopathy is disease of cardiac muscle
c) Skin is intact over fracture site in an open Fracture
- VII. Difference between the following:** **2x2=4**
a) Rhinorrhea and Otorrhea
b) Thoracentesis and Paracentesis
- VIII. Write short notes any FOUR of the following:** **4x4=16**
a) Sickle cell anaemia
b) Conjunctivitis
c) Nursing management of patient with plaster cast
d) Refractive errors of the eye
e) Varicose vein and its nursing management
- IX. Answer the Following:** **1+2+4=7**
a) Define Hypertension
b) List the causes and clinical manifestation of Hypertension
c) Write medical and nursing management of patient with Hypertension
- X. Answer the Following:** **1+2+4=7**
a) Define Mastoiditis
b) List the Clinical manifestation of Mastoiditis
c) Write the pre and post-operative nursing management of a patient with Mastoidectomy
or
a) Define Leukemia
b) List the clinical manifestation of Leukemia
c) Write the medical and nursing management of a patient with Leukemia

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD

GNM ANNUAL EXAMINATION AUGUST-2015

2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Haematuria b) Mastoidectomy c) Prosthesis d) Psoriasis
- II. Fill in the Blanks:** **1x4=4**
a) Surgical removal of Breast is called _____
b) Cholera is caused by _____
c) Cancer of the bone is known as _____
d) Surgical removal of Kidney is termed as _____
- III. Write short notes on any FOUR of the following:** **4x4=16**
a) Role of nurse in the management of burns b) Prevention and control of poliomyelitis
c) Peritoneal Dialysis d) Prevention and management of Rabies
e) Nursing care of the patient with Radiotherapy f) Encephalitis
- IV. Answer the Following:** **1+3+4=8**
a) Define Renal Failure
b) List the causes and clinical features of Renal Failure
c) Explain the nursing management of a patient with Renal Failure
- V. Answer the Following:** **3+3=6**
a) List the causes and clinical manifestations of Dengue fever
b) Discuss the prevention and management of a patient with Dengue fever

SECTION-II

- VI. State the following statements are TRUE or FALSE** **1x4=4**
a) Iris provides the colour to the eye
b) Hardening and thickening of the Arteries is called Arteriosclerosis
c) Abnormal discharge from the ear is termed as Rhinorrhoea
d) Pain of a Fracture is decreased by immobilization
- VII. Choose the correct answer and write:** **1x3=3**
a) Thrombocytopenia is the term used for
 i. Decreased platelet count ii. Increased in WBC count iii. Decreased RBC count
b) Glucose tolerance test is done detect the
 i. Protein metabolism ii. Carbohydrate metabolism iii. Fat Metabolism
c) Mantoux test is done for the diagnosis of
 i. Diphtheria ii. AIDS iii. Tuberculosis
- VIII. Write short notes any THREE of the following:** **4x3=12**
a) Nurses responsibility in blood transfusion
b) Management of patient with cardio vascular surgery
c) Care of the patient with Tracheostomy
d) Cardiac Catheterization
- IX. Answer the Following:** **1+4+4=9**
a) Define Hypertension
b) List the causes and clinical manifestations of Hypertension
c) Explain the medical and nursing management of patient with Hypertension
 or
a) Define Anaemia
b) Explain the causes and types of Anaemia
c) Discuss the medical and nursing management of a patient with Anaemia **1+4+4=9**
- X. Answer the Following:** **3+6=9**
a) Name and explain the Natural Calamities
b) Discuss the emergency management in case of Earthquake

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2015
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Metastasis b) Haemoptysis c) Oliguria d) Dysphagia
- II. Fill in the blanks** **1x4=4**
a) Increased amount of Urine output is called as _____
b) Chewing of _____ is one of the associated factor for oral cancer
c) _____ is the causative organism of Amoebic Dysentery
d) Pus present in the Urine is called _____
- III. Write short notes on any THREE of the following:** **4x3=12**
a) Cancer of the breast
b) Hydronephrosis
c) Care of the terminally ill patient with Cancer
d) Role of the nurse in Nutrition and drug management of HIV/ AIDS patient
- IV. Answer the Following:** **2+3+4=9**
a) Define Burns
b) Explain the assessment of Burns
c) Discuss the nursing management of a patient with moderate degree burns
- V. Answer the Following:** **2+3+4=9**
a) What is Prostatitis
b) Enumerate the sign's and symptoms of Prostatitis
c) Explain the surgical and nursing management of a patient with Prostatectomy

SECTION-II

- VI. State the following statements are TRUE or FALSE** **1x4=4**
a) Psoriasis is Heart disease
b) Snellen's Chart is used to test the Ear
c) The middle layer of the heart is called Myocardium
d) Angiography is a diagnostic radiography of heart and blood vessels
- VII. Choose the correct answer and write:** **1x3=3**
a) An instrument used to examine the internal structure of Larynx
 i. Laryngoscope ii. Microscope iii. Telescope
b) Hepatitis B is transmitted through
 i. Vector ii. Blood iii. Food
c) Inflammation of the cornea is called
 i. Blepharitis ii. Keratitis iii. Conjunctivitis
- VIII. Write short notes any THREE of the following:** **4x3=12**
a) Patient with Cataract Surgery
b) Otitis Media
c) Nursing Management of a patient with the Bedsore
d) Management of Iron deficiency Anaemia
- IX. Answer the Following:** **1+3+4=8**
a) Define Encephalitis
b) Enumerate the signs and symptoms of Encephalitis
c) Explain the Nursing Management of a patient with Encephalitis
- X. Answer the Following:** **2+4+4=10**
a) Define Amputation
b) List the indications for Amputation
c) Explain the pre and post-operative care of a patient with below knee amputation
 or
a) Define Myocardial Infarction **2+4+4=10**
b) List the Etiology and clinical features of Myocardial Infarction
c) Discuss the medical and nursing management of a patient with Myocardial Infarction

KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION AUGUST-2014
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Give the meaning of the following:** **1x4=4**
a) Radiotherapy b) Benign c) Urticaria d) Urolithiasis
- II. Fill in the Blanks:** **1x4=4**
a) B.C.G. vaccine is administered against _____
b) Bilateral surgical ligation of vas deference is known as _____
c) Rhinoplasty is the corrective surgery of _____
d) Inflammation of the middle ear is termed as _____
- III. Write short notes on any THREE of the following:** **4x3=12**
a) Pharyngitis and its management b) Mumps
c) Post mastectomy Exercises d) Contact Dermatitis
- IV. Answer the Following:** **1+3+4=8**
a) Define Nephrotic syndrome
b) Enumerate the causes, signs and symptoms of Nephrotic Syndrome
c) Discuss the Nursing Management of a patient with Nephrotic Syndrome
- V. Answer the Following:** **1+3+6=10**
a) Define Renal Calculi
b) Enumerate the types of Renal Calculi
c) Explain the treatment and nursing management of a client with Renal Calculi

SECTION-II

- VI. Difference between the following** **2x2=4**
a) Defibrillation and Cardio version
b) Osteomyelitis and Osteoporosis
- VII. Choose the correct answer and write:** **1x3=3**
a) Surgical removal of stapes is called _____
 i. Myringotomy ii. Mastoidectomy iii. Stapedectomy
b) Filariasis is caused by _____
 i. E-Coli ii. W. Bancrofti iii. Plasmodium
c) The ideal diagnostic procedure to rule out any breakdown in the bone is _____
 i. X-ray ii. CT-Scan iii. Angiography
- VIII. Write short notes any THREE of the following:** **4x3=12**
a) Sinusitis
b) National programme for control of Blindness
c) Nurses role in the management of Airway Obstruction
d) Sickle cell Anaemia
- IX. Answer the Following:** **1+3+4=8**
a) Define Lukaemia
b) List the causes, signs and symptoms of Lukaemia
c) Explain the management of patient with Lukaemia
- X. Answer the Following:** **2+3+5=10**
a) Define Disaster Nursing
b) Mention the types of Disasters
c) Discuss the nurse's role in Disaster management
- or**
- a) Define Cardiac Arrest **1+4+5=10**
b) List the causes and clinical features of Cardiac Arrest
c) Explain the emergency management of Cardiac Arrest

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2014
2nd year paper –II MEDICAL SURGICAL NURSING -II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. Fill in the Blanks:** **1x4=4**
a) Diminished amount of Urine output is termed as _____
b) Inflammation of the skin is termed as _____
c) Inflammation of the prostate gland is _____
d) Decreased sodium level in the blood is _____
- II. State the following statements are TRUE or FALSE** **1x4=4**
a) Gonorrhoea is sexually transmitted disease
b) The spread of breast cancer is by blood and lymph-nodes
c) Hypercalciuria is an increased solute load of calcium in urine
d) Smoking causes stomach cancer
- III. Write short notes on any THREE of the following:** **4x3=12**
a) Nursing management for scabies
b) Poliomyelitis, its prevention and management
c) Hepatitis
d) Chemotherapy in cancer
- IV. Answer the Following:** **2x6=8**
a) Define Typhoid Fever
b) Write the nursing management in detail
- V. Answer the Following:** **2+2+6=10**
a) Define Acute Renal Failure (ARF)
b) List the causes of Acute Renal failure
c) Explain the Nursing management of patient undergoing Haemodialysis
- SECTION-II**
- VI. Give the meaning of the following:** **1x4=4**
a) Vitiligo b) Otitis-media c) Myocarditis d) Myopia
- VII. Choose the correct answer and write:** **1x3=3**
a) Pain in angina is best reduced by
 i. Adrenaline ii. Digitalis iii. Nitroglycerin
b) Instrument used to examine the Internal structures of the ear
 i. Ophthalmoscope ii. Doppler probe iii. Otoscope
c) Blepharitis means
 i. Inflammation of Iris ii. Inflammation of lens iii. Inflammation of Eyelid margin
- VIII. Write short notes any THREE of the following:** **4x3=12**
a) Nursing management of patient with skeletal traction
b) Instilling Eye medications
c) Management of adverse reaction to blood transfusion
d) Mastoiditis
e) Pericarditis
- IX. Answer the Following:** **2+6=10**
a) Define Cataract
b) Write the Nursing management of a patient after the cataract surgery
- X. Answer the Following:** **2+2+6=10**
a) Define Angina Pectoris (Chest pain)
b) List the types of Angina Pectoris
c) Write the nursing management of Patient with Angina Pectoris

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM ANNUAL EXAMINATION SEPTEMBER -2013
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. State the following statements are TRUE or FALSE** **1x4=4**
a) Hansen's disease is caused due to Myobacterium Tuberculosis
b) The Spread of cancer cells is called as infiltration
c) Scalds is defined as Burns caused by hot liquids
d) Syphilis is a sexually transmitted disease caused by Treponema Pallidum
- II. Differentiate between the following** **2x2=4**
a) Isolation and Quarantine
b) Nocturia and Enuresis
- III. Write short notes on any THREE of the following:** **4x3=12**
a) Side effects of Chemotherapy
b) Assessment of patients with Burns
c) Impetigo
d) Rehabilitation of Patients with bladder cancer
e) Prevention of Poliomyelitis
- IV. Answer the Following:** **1+3+6=10**
a) Define BPH (Benign Prostatic Hyperplasia)
b) Explain the clinical features of BPH (Benign Prostatic Hyperplasia)
c) Explain the Surgical and Nursing Management of a patient
- V. Answer the Following:** **1+2+5=8**
a) Define Diphtheria
b) List the clinical features of Diphtheria
c) Describe the control and preventive measures of Diphtheria

SECTION-II

- VI. Give the meaning of the following:** **1x3=3**
a) Epistaxis b) Arrhythmias c) Synovitis
- VII. Fill in the Blanks:** **1x4=4**
a) The inflammation of the auricle and Ear canal Epithelium is _____
b) Dilation of an Artery due to weakening of the arterial walls is _____
c) Polycythemia vera is excessive production of _____
d) _____ is an inflammation of nasal mucosa
- VIII. Write short notes on any THREE of the following:** **4x3=12**
a) Management of a patient with quinsy
b) Types of Disaster
c) Care of a patient following cardiac catheterization procedure
d) Glaucoma and its management
e) Role of nurse during blood transfusion
- IX. Answer the Following:** **2+3+5=10**
a) Define Myocardial Infarction
b) List the clinical manifestation and diagnostic tests
c) Describe the Nursing management of a client with Myocardial Infarction
- X. Answer the Following:** **2+6=8**
a) Define Osteoporosis
b) Explain the prevention and management of a patient with Osteoporosis

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD
GNM SUPPLEMENTARY EXAMINATION JUNE -2013
2nd year paper –II MEDICAL SURGICAL NURSING - II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. State the following statements are TRUE or FALSE** **1x4=4**
a) Mumps is a bacterial infection
b) Trans urethral resection of prostate is a non-invasive treatment
c) Dengue fever can be prevented by Controlling Houseflies
d) Surgical excision of breast is termed as mastitis
- II. Differentiate between the following** **2x2=4**
a) Hypospadias and Epispadias
b) Furuncle and Carbuncle
- III. Write the Action and Indication of the following drugs** **2x2=4**
a) Amoxicillin b) Aspirin
- IV. Write short notes on any FOUR of the following:** **4x4=16**
a) Contact Dermatitis
b) Post-operative nursing care after mastectomy
c) Chancroid
d) Nursing management of lower Urinary tract Infection
e) Rabies and its prevention
- V. Answer the Following:** **1+3+6=10**
a) Define Renal Calculi
b) Enumerate the types of Renal Calculi
c) Explain the treatment and nursing management of a client with Renal Calculi
or
a) Define Gastroenteritis
b) List the causes and clinical manifestation
c) Explain the management and prevention of Gastroenteritis

SECTION-II

- VI. Give the meaning of the following:** **1x3=3**
a) Blepharitis b) Rhinoplasty c) Aneurysm
- VII. Fill in the Blanks:** **1x4=4**
a) Epistaxis means _____
b) Hardening and thickening of arteries is called as _____
c) A break in the continuity of bone is termed as _____
d) Removal of stapes is termed as _____
- VIII. Write short notes on any THREE of the following:** **4x3=12**
a) Allergic Conjunctivitis and its management
b) Preparedness for disaster management in Eg: floods, Landslides
c) Osteoporosis and its prevention
d) Rhinitis, medical and nursing management
- IX. Answer the Following:** **1+4+5=10**
a) Define Congestive Cardiac Failure
b) List the clinical features
c) Explain the Nursing management of Congestive Cardiac Failure
- X. Answer the Following:** **1+3+4=8**
a) What is Amputation
b) List the indication for below knee amputation
c) Write the post-operative management of a client with below knee amputation

KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD

GNM ANNUAL EXAMINATION AUGUST-2012

2nd year paper –II MEDICAL SURGICAL NURSING -II

Duration:3 Hours

Max.Marks:75

SECTION-I

- I. State whether the following statements are TRUE or FALSE:** **1x4=4**
- a) Inflammation of Urinary Bladder is called as Cystitis
 - b) Pap smear is done to detect cervical cancer
 - c) Malignant tumour of cartilage is called Myeloma
 - d) Shingles is painful blistering skin rash due to the varicella – zoster virus
- II. Differentiate between the following:** **2x2=4**
- a) Maculae and Papule
 - b) Anuria and Oliguria
- III. Write the action and indication of the following drugs:** **2x2=4**
- a) Acyclovir
 - b) Paracetamol
- IV. Write notes on any FOUR of the following:** **4x4=16**
- a) Nursing management of terminally ill patient
 - b) Renal diet
 - c) Diagnosis of Cancer
 - d) Classification of sexually transmitted disease
 - e) Nursing management of a patient with chronic skin disease
- V. Answer the Following:** **1+3+6=10**
- a) What is Infective Hepatitis
 - b) Mode of transmission of Infective Hepatitis
 - c) Explain the nursing management and preventive measures of Infective Hepatitis

SECTION-II

- VI. Fill in the blanks:** **1x7=7**
- a) Hypertension is often called as _____
 - b) Excessive production of tears is known as _____
