

**KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM SUPPLEMENTARY EXAMINATION FEBRUARY - 2020**  
**3<sup>RD</sup> YEAR PAPER - III (PARER-II FOR 2015 REVISED SYLLABUS)**  
**COMMUNITY HEALTH NURSING -II**

**Duration:3 Hours****Max.Marks:75****Give the meaning of the following:****1x4=4**

1. Health team
2. Occupational Health
3. Vital Statistics
4. Target Couple

**State whether the following statements are TRUE or FALSE****1x4=4**

5. The Census is taken once in 10 years
6. Intra Uterine Device (IUD) is a permanent method of Family Planning in Female
7. PHC covers the population of one lakh in plain areas
8. The Block consists of about 100 villages

**Write short notes on any FOUR of the following:****3x4=12**

9. Panchayati Raj
10. Anagnwadi Health Worker
11. Use of Vital and Health Statistics
12. Aspects of School Health Services
13. Revised National T.B. Control Programme

**Answer the Following:****3+5=8**

14. List the International Health Agencies
15. Explain in detail about UNICEF

**Answer the Following:****2+3+5=10**

16. Define RCH
17. List the components of RCH
18. Explain the role of a Nurse in RCH

**Fill in the Blanks:****1x4=4**

19. Inhalation of hay dust causes \_\_\_\_\_
20. World Health Day is celebrated on \_\_\_\_\_
21. Sex ratio gives the number of females per \_\_\_\_\_ male
22. Malaria is transmitted by \_\_\_\_\_

**Write short notes on any THREE of the following:****3x5=15**

23. Vasectomy
24. National AIDS Control Programme
25. Importance of Health Information System
26. Employees State Insurance Scheme

**Answer the Following:****3+5=8**

27. List the Health Problem of the aged
28. Role of a Community Health Nurse in taking care of Geriatric Clients

**Answer the Following:****2+8=10**

29. Role of Nurse in prevention and control of Malaria
30. Role of a Community Nutritional Programmes & Explain in detail  
Mid-Day Meal Programme

**KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM ANNUAL EXAMINATION SEPTEMBER-2019**  
**3<sup>RD</sup> YEAR PAPER - III COMMUNITY HEALTH NURSING-II**

**Duration:3 Hours****Max.Marks:75****Give the meaning of the following:****1x4=4**

1. Notification of diseases
2. Emergency Contraceptive
3. Maternal Mortality Rate
4. Community

**State whether the following statements are TRUE or FALSE****1x4=4**

5. One sub centre covers 30,000 population in plain areas
6. Inhalation of grain dust causes Farmer's lung disease
7. The first census conducted in India in 1881
8. The MTP Act was passed in the year 1962

**Write short notes on any FOUR of the following:****3x4=12**

9. Functions of Union Ministry of Health
10. Role and responsibilities of ASHA Worker
11. Functions of WHO
12. Problems associated with old age
13. Aspects of School Health services

24. Explain the role of Health Assistant Female in Community

**Answer the Following:****3+7=10**

25. Enumerate the various National Health Programmes in India
26. Explain the role of Nurse in National Health Programmes

**Write short notes on any THREE of the following:****5x3=15**

27. Role of Nurse in prevention and control of Malaria
28. Temporary Family Planning Method
29. Under-five Clinic
30. National Rural Health Mission

**KARNATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM ANNUAL EXAMINATION AUGUST-2018**  
**3<sup>RD</sup> YEAR PAPER - III COMMUNITY HEALTH NURSING-II**

**Duration:3 Hours****Max.Marks:75****Give the meaning of the following:****1x4=4**

1. Health Administration
2. Protein Energy malnutrition
3. School Health Services
4. Health Care delivery system

**State whether the following statements are TRUE or FALSE****1x4=4**

5. Indian Red Cross was established in the year 1940
6. BCG vaccination is given to prevent tuberculosis
7. Primary Health Care is essential Health care
8. Measles is a highly infectious disease caused by bacteria

**Write short notes on any FOUR of the following:****3x4=12**

9. Vasectomy
10. National Health Policy
11. Principles of Primary Health Care
12. National Health problems
13. Geriatric Nursing

**Answer the Following:****4+4=8**

14. Write the organisation of state level Health administration
15. Explain the functions of state level Health administration

**Answer the Following:****3+4+4=11**

16. Define Maternal and Child Health (MCH)
17. Write about objectives and types of Maternal & Child Health
18. Explain nurse's role in Maternal & Child Health

**Fill in the Blanks:****1x4=4**

19. World Health Organization (WHO) head Quarters is in \_\_\_\_\_
20. Permanent family planning method in female is \_\_\_\_\_
21. One Anganawadi covers \_\_\_\_\_ population
22. Child Survival and Safe Motherhood (CSSM) programme was later converted into \_\_\_\_\_

**Write short notes on any THREE of the following:****3x4=12**

23. International Health agencies
24. National Nutritional Anaemia Prophylaxis Programme
25. Importance of Vital statistics
26. Small Family Norm

**Answer the Following:****5x4=20**

27. List out the National Eradication Programmes
28. Explain National AIDS Control Programme
29. Explain the functions of Health team members
30. Write the role of District Public Health Nursing Officer

**KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2018**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Voluntary Health Agency      b) Immunization  
c) Village Health Guide      d) Population Explosion
- II. State whether the following statements are TRUE or FALSE** **1x4=4**  
a) 12<sup>th</sup> Five-year plan was started in the year 1990  
b) Farmer's Lung is caused by Inhalation of grain dust  
c) School Health Services are started 1<sup>st</sup> at Baroda city  
d) Sub centre covers 10,000 population
- III. Write short notes on any THREE of the following:** **5x3=15**  
a) Functions of Primary Health Centre  
b) Components of School Health Services  
c) Janani Suraksha Yojana  
d) ESI scheme & its benefits
- IV. Answer the Following:** **2+6=8**  
a) Write the organization of Directorate General of Health Sciences (DGHS)  
b) Explain the functions of Directorate General of Health Sciences (DGHS)
- V. Answer the Following:** **2+5=7**  
a) List the various National Health problems in India  
b) Explain the role of nurse in prevention of nutritional problems

**SECTION-II**

- VI. Fill in the Blanks:** **1x 4=4**  
a) Vitamin A prophylaxis is given to children to prevent \_\_\_\_\_  
b) Permanent family planning method for men is \_\_\_\_\_  
c) Pulse Polio Programme was started in the year \_\_\_\_\_  
d) Headquarters of WHO is situated at \_\_\_\_\_
- VII. State whether the following statements are TRUE or FALSE** **1x3=3**  
a) The drug given for the treatment of tuberculosis is  
i. Rifampicin      ii. Chloroquine      iii. Penicillin  
b) For the better absorption Iron & Folic Acid tablets should be taken with  
i. Milk      ii. Citrus fruits      iii. Calcium  
c) In India CARE began its operation in  
i. 1960      ii. 1950      iii. 1970
- VIII. Write short notes on any THREE of the following:** **5x3=15**  
a) Integrated Child Development Services (ICDS)  
b) Indian Red Cross Society  
c) Functions of Health worker Female  
d) Intra Uterine Devices (IUD)
- IX. Answer the Following:** **1+3+4=8**  
a) Define Vital Health Statistics  
b) List the sources of Vital Health Statistics  
c) Explain the uses of Vital Health Statistics
- X. Answer the Following:** **3+4=7**  
a) Mention the different National Health Programmes  
b) Explain the Iodine Deficiency Disease Control Programme

**KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM ANNUAL EXAMINATION AUGUST -2017**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Records      b) DPT Vaccine      c) Community Health Nursing      d) Primary Health Care
- II. State whether the following statements are TRUE or FALSE** **1x4=4**  
a) Sex ratio is defined as the number of females per 1000 males  
b) Government of India launched a National AIDS control programme in 1990  
c) The recent census in India was conducted in the year 2010  
d) Objective of the MCH is only to take care of children
- III. Write short notes on any THREE of the following:** **5x3=15**  
a) Panchayat Raj  
b) Shrivastav Committee  
c) Voluntary Health Agencies in India  
d) Geriatric Nursing
- IV. Answer the Following:** **2+5=7**  
a) Classify the Occupational Hazards  
b) Explain the role of Nurse in Industrial Nursing
- V. Answer the Following:** **2+6=8**  
a) Define Health  
b) Explain the delivery of Health services at the Centre Level

**SECTION-II**

- VII. Choose the correct answer from the following:** **1x 3=3**  
a) BCG Vaccine is given through \_\_\_\_\_ site  
    i. Intradermal      ii. Subcutaneous      iii. Intramuscular  
b) \_\_\_\_\_ is commonly used for taking weight of Children under 1 year of age  
    i. Weighing scale      ii. Infant weighing scale      iii. Salter spring hanging scale  
c) World AIDS Day is celebrated on \_\_\_\_\_  
    i. 23<sup>rd</sup> June      ii. 1<sup>st</sup> December      iii. 4<sup>th</sup> August
- VI. Fill in the Blanks:** **1x4=4**  
a) The Theme of the world Health day 2017 is \_\_\_\_\_  
b) A Female Health worker is expected to cover a population of \_\_\_\_\_  
c) National TB Control programme was launched in the year \_\_\_\_\_  
d) \_\_\_\_\_ is celebrated on May 12<sup>th</sup>
- VIII. Write short notes on any THREE of the following:** **5x3=15**  
a) Temporary Family Planning Methods      b) Sources of Vital Statistics  
c) National Malaria Eradication Programme      d) Small Family Norm
- IX. Answer the Following:** **2+2+4=8**  
a) Define Demography  
b) List the sources of Demography  
c) Explain Demographic Cycle
- X. Answer the Following:** **1+2+4=7**  
a) Define Health Team  
b) List the members of Health Team  
c) Explain the role of Health Assistant male & female in Community

**KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2017**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Infant Mortality Rate      b) Fertility      c) Health Team      d) Small Family Norm
- II. State whether the following statements are TRUE or FALSE** **1x4=4**  
a) Village Health Guide Scheme was introduced on October 1977..  
b) Inhalation of silica dust causes Silicosis  
c) Head Quarter of Food and Agriculture Organization (F.A.O) is in Geneva.  
d) DOTS is the treatment regimen for Tuberculosis
- III. Write short notes on any THREE of the following:** **5x3=15**  
a) Primary Health Centre  
b) Importance of Antenatal Care  
c) Bhole Committee Recommendations  
d) Directorate General of Health Services (DGHS)
- IV. Answer the Following:** **1+3+4=8**  
a) Define Geriatric Nursing  
b) Discuss the Problems of Geriatrics  
c) Explain the role of a Community Health Nurse in the Care of Geriatrics
- V. Answer the Following:** **2+5=7**  
a) List the major Health Problems in India  
b) Explain in detail about National AIDS control Programme

**SECTION-II**

- VI. Choose the correct answer from the following:** **1x4=4**  
a) Five Year Plans are introduced in  
    i. 1947                      ii. 1951                      iii. 1956  
b) "Anti Malaria Month" campaign is observed in the month of  
    i. June                      ii. September                      iii. December  
c) The Census is conducted at an interval of  
    i. 5 Years                      ii. 10 Years                      iii. 15 Years  
d) Protein Energy Malnutrition (PEM) is caused by deficiency of  
    i. Carbohydrates                      ii. Proteins                      iii. Vitamins
- VII. Fill in the Blanks:** **1x 3=3**  
a) Scientific study of human population is called as \_\_\_\_\_  
b) The route of administration of Bacillus Calmette Guerin (B.C.G.) vaccine is \_\_\_\_\_  
c) A subcentre covers a population of \_\_\_\_\_
- VIII. Write short notes on any THREE of the following:** **5x3=15**  
a) Reproductive Child Health (RCH) Programme      b) Records and Reports  
c) Function of Female Health worker      d) Voluntary Health Agencies
- IX. Answer the Following:** **3+5=8**  
a) Define Industrial Nursing  
b) Discuss various Health measures for Industrial Nursing
- X. Answer the Following:** **1+3+3=7**  
a) Define Communication  
b) Classify Family Planning methods  
c) Explain Female Sterilization method in detail

**KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM ANNUAL EXAMINATION AUGUST -2016**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Birth Control                      b) Community Diagnosis                      c) Carrier                      d) Community
- II. Fill in the Blanks:** **1x 4=4**  
a) Gram Panchayath president is known as \_\_\_\_\_  
b) Community health centre covers \_\_\_\_\_ population  
c) The block consists of about \_\_\_\_\_ villages  
d) Health care is \_\_\_\_\_ right
- III. Write short notes on any THREE of the following:** **5x3=15**  
a) National Health Policy                      b) Universal immunization programme  
c) Components of school health programme                      d) Employee state insurance act  
e) Responsibilities of Asha worker
- IV. Answer the Following:** **2+6=8**  
a) Define Health Team  
b) Explain the functions of team members
- V. Answer the Following:** **2+5=7**  
a) Define Demography  
b) Explain the demographic trends in India

**SECTION-II**

- VI. State whether the following statements are TRUE or FALSE** **1x4=4**  
a) Japanese encephalitis is a zoonotic disease  
b) 1<sup>st</sup> case of HIV was diagnosed in Karnataka  
c) An example of vector borne transmission is malaria  
d) Community health centre has 10 beds
- VII. Choose the correct answer from the following:** **1x3=3**  
a) Health planning is based on  
    i. Human needs                      ii. Basic needs                      iii. i. & ii.                      iv. None of these  
b) The central council of health was set  
    i. Home minister order                      ii. Presidential order                      iii. Health Minister order                      iv. None of these  
c) Measles vaccine given in the month of  
    i. 10<sup>th</sup> month                      ii. 6<sup>th</sup> month                      iii. 9<sup>th</sup> month                      iv. 12<sup>th</sup> month
- VIII. Write short notes on any THREE of the following:** **5x3=15**  
a) Minimum needs programme                      b) Major achievements of 8<sup>th</sup> five year plan  
c) Responsibilities of community nurse in care of mental retards  
d) National water supply and sanitation programme                      e) Demographic cycle
- IX. Answer the Following:** **2+2+4=8**  
a) Define Maternal and child health  
b) What are the objectives of maternal and child health  
c) Explain the role of community health nurse in maternal and child health
- X. Answer the Following:** **2+5=7**  
a) List the international health agencies  
b) Explain in detail about UNICEF

**KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2016**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Eligible couple      b) Geriatric nursing      c) Infant      d) Maternal mortality rate
- II. State whether the following statements are TRUE or FALSE** **1x4=4**  
a) Karthar Singh Committee is otherwise known as Multipurpose Health worker committee  
b) Colostrum is harmful to the new-born baby  
c) Notification or reporting is the first step in the control of communicable disease  
d) The objective of the under-five clinic is to take care of children below 5 years
- III. Write short notes on any THREE of the following:** **5x3=15**  
a) Postnatal care  
b) Determinants of health  
c) Antenatal diet  
d) Level of health care
- IV. Answer the Following:** **1+3+3=7**  
a) What are school health services  
b) List the objectives of school health services  
c) Discuss the role of nurse in school health services
- V. Answer the Following:** **2+6=8**  
a) Name the Health Committees in India  
b) Explain the role of nurse in school health services

**SECTION-II**

- VI. State whether the following statements are TRUE or FALSE** **1x3=3**  
a) Birth and death rates are important components of population.  
b) Education is a crucial element in economic and social development  
c) BCG vaccine is given to prevent malaria
- VII. Fill in the Blanks:** **1x 4=4**  
a) The World Aids Day is celebrated on \_\_\_\_\_  
b) PHC in hilly and tribal area covers the population of \_\_\_\_\_  
c) Dengue fever is caused by the bite of \_\_\_\_\_  
d) Montoux test is to diagnose \_\_\_\_\_
- VIII. Write short notes on any THREE of the following:** **5x3=15**  
a) Function of female health assistant      b) Blindness control progress  
c) Temporary family planning methods      d) Infertility
- IX. Answer the Following:** **2+5=7**  
a) What is National Malaria Control Program  
b) Discuss the role of nurse in National Malaria Control Program
- X. Answer the Following:** **1+4+3=8**  
a) Define vital statistics  
b) Explain briefly the concept and sources of vital statistics  
c) Enumerate the uses of vial health statistics

**KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2015**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Cold chain      b) Infant mortality rate      c) Demography      d) Community development
- II. State whether the following statements are TRUE or FALSE** **1x4=4**  
a) The road to health card is an important tool for monitoring growth of under five children  
b) The world tuberculosis day is celebrated on 5<sup>th</sup> September  
c) In India there is one primary health center for every 30,000 population  
d) The route of administration of BCG is intramuscular
- III. Write short notes on any FOUR of the following:** **5x3=15**  
a) Health organization at district level      b) Reproductive child health services  
c) Under five clinic      d) Preventive and promotive school health services
- IV. Answer the Following:** **1+3+3=7**  
a) Define MCH services  
b) Write the objectives of MCH services  
c) Explain the role of community health nurse in MCH services  
OR  
a) What is occupational health **1+3+3=7**  
b) List the important occupational diseases  
c) Discuss the role of a nurse in industrial health nursing
- V. Answer the Following:** **1+3+4=8**  
a) Define primary health care  
b) Write the elements of primary health care  
c) Explain the role of a nurse in primary health care

**SECTION-II**

- VI. Choose the correct answer and write:** **1x4=4**  
a) The state of highest literacy rate in India is  
i. Maharashtra      ii. Tamil Nadu      iii. Kerala  
b) The year of last census done in India is  
i. 2010      ii. 2011      iii. 2012  
c) The route of administration of measles vaccine is  
i. Subcutaneous      ii. Intradermal      iii. Intramuscular  
d) The world AIDS day is celebrated on  
i. 20<sup>th</sup> August      ii. 1<sup>st</sup> December      iii. 14<sup>th</sup> November
- VII. State whether the following statements are TRUE or FALSE** **1x3=3**  
a) The number of deaths occurs before 28 days of birth per 1000 live births is termed as under five mortality rate.  
b) The branch of statistics related to biological events and to mathematical facts is called biostatistics.  
c) Malaria is transmitted by anopheles mosquito.
- VIII. Write short notes on any THREE of the following:** **5x3=15**  
a) AIDS Control Program      b) Importance of vital statistics  
c) National methods of family planning      d) Intrauterine contraceptives.
- IX. Answer the Following:** **2+2+4=8**  
a) Define community health team  
b) List the members of community health team  
c) Explain the role of male health worker in community health team  
OR  
a) Define fertility **2+3+3=8**  
b) List the determinants of fertility  
c) Explain the benefits of fertility regulation
- X. Answer the Following:** **2+5=7**  
a) What is expanded program of immunization  
b) Explain the role of a nurse in Pulse Polio Program

**KARANTAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM SUPPLEMENTARY EXAMINATION FEBRUARY -2014**  
**3rd year paper-III Community Health Nursing-II**

- I. Fill in the Blanks:** **1x 4=4**
- a) The Indian Red Cross society was established in the year \_\_\_\_\_
  - b) Under the ICDS scheme an Anganwadi worker covers a population of \_\_\_\_\_
  - c) BCG vaccination is administered to protect against \_\_\_\_\_
  - d) The administrative head of the district is a \_\_\_\_\_
- II. State whether the following statements are TRUE or FALSE** **1x4=4**
- a) Rural health scheme is based on the principle of placing people's health in people's hands.
  - b) Corporations in urban areas have a population of above 2 lakhs.
  - c) Farmer's lung is caused due to the inhalation of sugarcane dust
  - d) The 12<sup>th</sup> five year plan commenced in the year 2010.
- III. Write short notes on any FOUR of the following:** **4x4=16**
- a) Functions of village health guides
  - b) Occupational hazards of agricultural workers
  - c) Indigenous system of medicine
  - d) Organization of state level health administration
  - e) Recommendations of the Mudaliar committee
- IV. Answer the Following:** **2+5=7**
- a) Define maternal and child health service
  - b) List the objectives of maternal and child health services
  - c) Explain the role of a nurse in MCH services
- V. Answer the Following:** **2+5=7**
- a) Define primary health care
  - b) What are the elements of primary health care
  - c) Explain the principles of primary health care
- OR
- a) What is the importance of school health services
  - b) Explain the components of school health program

**SECTION-II**

- VI. Give the meaning of the following:** **1x4=4**
- a) Life expectancy                      b) Health team                      c) Fertility                      d) Maternal mortality
- VII. Choose the correct answer and write:** **1x3=3**
- a) The number of females per 1000 males is called  
i. Dependency ratio                      ii. Sex ratio                      iii. Family ratio
  - b) An outbreak of disease in a community in excess of normal expectation  
i. Epidemic                      ii. Sporadic                      iii. Pandemic
  - c) Anti malaria month campaign is observed every year in  
i. January                      ii. June                      iii. September
- VIII. Write short notes on any TWO of the following:** **2x4=8**
- a) Criteria for selection and responsibilities of ASHA
  - b) Census
  - c) Functions of responsibilities of female health worker
  - d) Minimum needs program
- IX. Answer the Following:** **2+5=7**
- a) List any 10 national health programs in India
  - b) Explain the national rural health mission
- X. Answer the Following:** **1+2+5=8**
- a) Define vital statistics
  - b) Write the uses of vital statistics
  - c) List the health records used in the primary health canterers.

**KARANATAKA STATE DIPLOMA IN NURSING EXAMINATION BOARD**  
**GNM ANNUAL EXAMINATION SEPTEMBER -2013**  
**3rd year paper-III Community Health Nursing-II**

**Duration:3 Hours**

**Max.Marks:75**

**SECTION-I**

- I. Give the meaning of the following:** **1x4=4**  
a) Notification of the disease    b) Immunity    c) Maternal mortality rate    d) Epidemiology
- II. Fill in the Blanks:** **1x4=4**  
a) World tuberculosis day is on \_\_\_\_\_  
b) National health policy was launched in the year \_\_\_\_\_  
c) Nursing process is also known as \_\_\_\_\_  
d) \_\_\_\_\_ is the scientific study of human populations
- III. Write short notes on any FOUR of the following:** **4x4=16**  
a) Bhore Committee Report or recommendations    b) RCH program  
c) Indigenous system of medicine    d) Primary health center  
e) World Health Organization
- IV. Answer the Following:** **1+2+4=7**  
a) Define primary health care  
b) List the function of primary health care  
c) Write the role of nurse in primary health care
- V. Answer the Following:** **1+2+4=7**  
a) Define school health program  
b) Write the components of school health program  
c) Explain the role of nurse in school health program

**SECTION-II**

- VI. Choose the correct answer and write:** **1x3=3**  
a) The required measuring the Mantoux test  
    i. 24-48 hours      ii. 48-72 hours      iii. 10-24 hours  
b) According to ICDS scheme there is an Anganwadi worker for a population of  
    i. 500      ii. 2000      iii. 1000  
c) Community health is also called  
    i. Public health      ii. Community medicine      iii. All the above
- VII. Differentiate between the following:** **2x2=4**  
a) Balwadi Nutrition Program    and    Midday Meal Program  
b) Control                              and    Eradication
- VIII. Write short notes on any TWO of the following:** **5x2=10**  
a) National immunization schedule  
b) Employees State Insurance Scheme  
c) Prevention and control of vitamin A deficiency
- IX. Answer the Following:** **2+2+6=10**  
a) Define Health team  
b) List the members of health team  
c) Explain the role of male health worker in health team
- X. Answer the Following:** **2+3+5=10**
